OUR new police are soon to be uniformed.

Trinity College Commencement takes place on 11th of June.

MUDDY streets are to be observed, after the abundance of rain that has fallen.

Black Hawk Tribe, I. O. R. M., meet to-night, when several candidates are to beinitiated.

THE mail robber, Jas. Williams, will have an examination before Commissioner Cassidey on Monday.

AN attempt was made to enter the residence of S. R. Weil, Esq., on Wednesday night, but it was nipped in the bud.

THE Corn Doctor was again re-sentenced to serve thirty days on the streets, by his Honor, the Mayor, this morning.

SILAS N. MARTIN, Esq., of this city, has resigned as a Director of the Penitentiary, and his place has been filled by the appointment of G. W. Welker, Esq., of Guilford.

SOME one of the old philosophers has said, "where there's a will there's a way." Well, this local confesses to the will, but the way to find items this morning is minus.

A FRIEND has asked us why the *Star* and *Journal* did not publish the speech of Col. A. A. McKoy, the Democratic candidate for Judge, delivered on Memorial Day. We think we know.

BROKE IN.—Hands are busily engaged to-day repairing the side walk on Third, between Princess and Market streets, which has been considerably damaged by the recent rains that have fallen. A large and dangerous hole has been caused, but all damages will be repaired to-day.

DULL—You talk about your dull days, and your scarcity of items, if to-day don't beat any that this individual has ever experienced, then he'll just exchange jack knives for a *sour pickle*, or his pocket-book for a horse, or do anything else that is desired.

CALANTHA LODGE.—It is rumored that Calantha Lodge No. 7, Knights of Pythias, of this city, will be transformed into one composed entirely of uniformed members; however, matters will be decided upon at a meeting to be held this evening, when a full attendance of members, also members of the other Lodges in this city, is desired.

Calantha is a thriving young Lodge, and it is hoped to record the fact of its being the banner Lodge of Knights of Pythias in this State, composed entirely of uniformed members.

WE'VE BEEN.—We've been to the City Hall; we've been to the Court House; we've been to the Magistrate's offices; we've been on the wharves; we've been "down street;" we've been "on the hill;" and the Lord only knows where this "critter" hasn't been to-day, and, in the language of Philander Doesticks, Josh Billings, or somebody else, "nary a darned bit of news could we diskiver." It ain't our fault. We have the satisfaction of knowing that we've done our duty, and our numerous readers will have to bear the consequences. Jorusalem! don't we hate to make an apology, but, we repeat, it ain't our fault.

A NEW CHURCH.—The Rev. George W. Price, by authority, has purchased a lot on the corner of Ninth and Market streets, on which he will soon erect a Church, to be known as Trinity Methodist Episcopal Church. The first payment was made this morning, and in a few days we may expect the erection of this edifice to begin.

In this connection we would state that the Rev. N. G. Matton, Presiding Elder of Wilmington District N. C. Conference, First M. E. Church, of this city, of which the Rev. W. J. Parkinson is pastor, is on a visit to New York, for the purpose of raising funds for building another Church, intended for the white population.

The Rev. W. J. Parkinson is holding services every Sabbath in Walnut Hall, Brooklyn, where he preaches to large and appreciative congregations, and on last Sabbath a Sunday School was organized, numbering some twenty-five scholars.

His Honor W. P. CANADAY, Mayor, presiding.

Matthew Bymans, drunkenness on the streets fined $10 and costs, or 20 days on the streets.

Moses Walker for throwing stones on the streets, fined $10 and costs, or 20 days on the streets.

C. McHenry, the corn doctor whose term of sentence has just expired, was arrested again on yesterday for drunkenness and disorderly conduct, and again sentenced to pay a fine of $20 and costs, or 30 days on the streets. Of course the latter was his choice, and for the third time he is engaged in improving the streets of our city.

KNOWING ones say that we are going to have the Sound Railroad.

THE Grand Encampment I. O. O. F., is in session to-day in Greensboro.

THIS is what "Young Probs" said this morning: "The rainfall after 12 o'clock last night amounted to 2.28 inches, If to this you add the amount that fell yesterday, you have 2 91 inches, or .03 of an inch more than the total precipitation of rain during the entire month of April." A young deluge.

THE NEW COLLECTOR.—Gen. J. C. Abbott, the newly appointed Collector of this Port, is generally well known in in this State and community. A gentlemen of indomitable energy and great sagacity, he will bring to the discharge of his duties judgment and skill. There is no man in the State who is more deserving of the favors of the administration than Gen. Abbott, and there is no man in this district who would fill the office of Collector better than the new appointee.

PADDY'S HOLLOW.—Somebody has said that the "greatest humbug is a humbug," but we say that the greatest humbug, nuisance or some other cognomen of the same nature is the region in our city known as "Paddy's Hollow." Not only is this place a nuisance, but it is a disgrace to our city, and we believe that all nuisances are contrary to the law. We hope soon to chronicle the fact that this nuisance has been abated. This paragraph is the thought and expression of numerous citizens—as such it is hoped that the proper steps will be at once taken to bring about a change.

MANUFACTURING PROSPERITY.—The St. Jonnsbury *Caledonian*, of April 18th, says, "Last Friday, the Fairbanks Scale Company had an order from the Baltimore & Ohio Railroad Company for twenty-four five-hundred-bushel hopper scales to be put into their new immense elevator, building at Locust Point. As these are fifteen-ton scales, and are all set in a row, some idea of the size of the elevator may be gained." The production last week was one thousand and seventy-eight scales, including six iron frame railroad-track scales, of thirty to fifty tons capacity and fifty-five hay scales; and these orders come, not only from all parts of the United States, but from every portion of the globe. 1t

A NEW ARRANGEMENT- NEW OWNERS AND NEW AGENTS.—Capt. A. D. Cazaux, has been appointed Agent at this place for the Lorrillard Line of steamers—that was, this line having been repurchased by Wm. P. Clyde, Esq. of New York.

There are three first-class steamers on this line, and under the management of Capt. Cazaux, we predict such an influx of trade as never was known before.

For the present, the line will be a weekly one, but additional steamers will be added as business increases.

The Steamship Regulator will sail from New York for this port to-morrow.

WASHINGTON.

WASHINGTON, May 15.

The following carefully prepared statement of the meaning of the currency bill passed by the Senate, though no one seems to understand it, is telegraped as the closest approach to the solution of the riddle: "The new Senate currency bill, passed yesterday by that body, provides for free banking, releases the reserves on circulation, except five per cent., which is to be deposited in the Treasury for purposes of redemption in United States notes, and requires reserves on deposites to be kept by each bank in its own vaults, a part of which reserve shall be one-fourth part of the coin received by it as interest on the bonds held as security by the United States Treasury. To prepare for specie payments the bill requires the retirement of greenbacks equal in amount to 25 pet cent. of the new national bank currency issued, the retirement to begin within thirty days after the amount of $1,000,000 of the national bank currency has been issued, the maximum amount of the United States notes is fixed at $382,000,000 and retirement shall be in reduction of that amount until it be reduced to $300,000,000. The redemption section of the bill provides that on an after July, 1878, the greenbacks, whenever presented in sums of $1,000 or any multiple thereof, may be redeemed in coin, or bonds bearing 4½ per cent. interest in coin, at the option of the government; and it shall be compulsory on the Secretary of the Treasury to re-issue the notes exchanged for bonds.

The best features in this bill are those which require the reserves on deposits to be kept by the banks of the different parts of the country in their own vaults, instead of sending them off to New York to be loaned for speculative purposes in Wall street, and which provides that a part of these reserves shall be constituted of one-fourth part of the coin received as interest on the bonds held by the government as security.

These provisions may serve to strengthen the banks at home, and perhaps tend to keep up a better distribution of currency, the volume of which, however, it seems inevitable, must be increased, if the bill becomes a law. Thus there is to be more or less inflation under it, and the much talked of "elasticity" perhaps.

The provision releasing the banks from the maintenance of a reserve on their deposits, except 5 per cent. deposited in the Treasury for purposes of redemption, is a liberal one for those institutions.

Attorney General Williams has given an opinion in the Arkansas matters referred to him by the President. He says that it would be disastrous to allow the proceedings by which Brooks obtained possession of the office to be drawn into as a precedent; there is not a State in the Union in which they would not produce a conflict, and probably bloodshed; they cannot be upheld or justified upon any ground, and in his opinion Elisha Baxter should be recognized as the lawful Executive of the State of Arkansas.

President Grant will to-day issue a proclamation in accordance with this opinion.

Didn't Know Him.

A California paper tells the following of Lieut. Derby, "John Phenix," the humorist: "One evening, at the theatre, Phenix observed a man sitting three seats in front whom he thought he knew; he requested the person sitting next to him to "punch the other with his cane." The polite stranger did so, and the disturbed person turning his head a little, he discoved his mistake—that he was not the person he took him for. Fixing his attention steadfastly on the play, and affecting unconsciousness of the whole affair, he left the man with the cane to settle with the other for the disturbance, who being wholly without an excuse, there was, of course, a ludicrous and embarrassing scene, during all of which Phenix was profoundly interested in the play. At last the man with the cane asked, rather indignantly:

"'Didn't you tell me to punch that man with my stick?"

"'Yes."

"'And what did you want?"

"'I wanted to see whether you would punch him or not."

A minister once was heard explaining to his congregation that Urim and Thummim were the names of two precious stones which were set in the high breast plate of judgment, and when consulted they displayed the will of God by showing a wonderful brilliancy, though they gave no lustre if the matter required were disapproved. "My brethren, this is what learned Jewish and Christian expositors tell us concerning these two precious stones—the stones are lost, but my Christian brethren, we need them not—we have a surer means of discovering the will of God; and still it is by Urim and Thummin, if we alter a single letter in one of those mysterious words. Take your Bible, my brethren, use him and thumb him, and you will discover the will of God as surely as ever the high priest did by the story of the breast plate."

Office of County Commissioners,

NEW HANOVER COUNTY,
Wilmington, N. C., May 13, 1874.

IN PURSUANCE OF SECTION 16 OF AN act to Raise Revenue, ratified February 14 th, 1874, the Board of County Commissioners of New Hanover county will meet at the Court House in the city of Wilmington, on the

THIRD MONDAY IN MAY, 1874

and then and there proceed to revise the tax lists and valuation reported to them, and complete the lists, by computing the tax payable by each person and affixing the same opposite his name. The session of the Board will continue for the space of three working days.

The following duties devolve upon the Board:

1st. They shall hear all persons objecting to the valuation of their property, or to the amount of tax charged against them.

2. They shall have power to raise the valuation upon such property as they shall deem unreasonably low. For the purpose above indicated the Board of Commissioners are empowered to summons and examine witnesses, and to correct the abstracts of the Township Boards of Trustees.

AS MAY BE JUST AND RIGHT,

and so the valuation of similar property throughout the county shall be as near uniform as possible.

After the Tax Lists are made up and placed in the hands of the Sheriff it will become very difficult to make any alterations in them. Therefore all persons interested will please attend to this important matter.

The frequent applications to the County Commissioners heretofore for relief and correction of errors—almost entirely the fault of the tax-payers—has become an evil of great magnitude, costing the county much more to correct errors than the whole amount involved. Notice is now given that no alteration will be made after the time expires except in accordance with the letter of the law.

FOR SUPERINTENDENT OF PUBLIC INSTRUCTION.

Thomas R. Purnell,

OF FORSYTHE.

Second Congressional District.

The Republican Conventiou of the Second Congressional District met at Goldsboro yesterday and nominated Mr. John Hyman of Warren county for Congress. Judge Thomas, the ablest representative from this State in Congress was thrown out, an action which is regretted throughout the State, as one which eminently gratifies our political enemies. If for nothing else, this wonld be a sufficient cause to deplore the nomination, but when the high charater and ability of Judge Thomas, and his eminent services are taken into consideration, the result is unaccountable.

The Press Convention.

The Press Convention which assembled in Raleigh was well attended, two-thirds of the newspapers of the State being represented. The deliberations were conducted with decorum, and the interchange of opinions will doubtless prove profitable.

The editors, as a body were a fine looking and very intelligent set. Most of them quite young, few in their meridian, their youthful fire was tempered by modesty. The local press was well represented. The editor of a paper in Cherokee county who has an extensive field of near ten thousand square miles, in which his is the only enterprise of its kind, put in an appearanco, and was quite a lion.

When we come to consider the hospitality of the people of Raleigh, and their well directed efforts to make the visit of the editors agreeable, we cannot express ourselves in terms adequate to the subject. It is not sufficient to say that they did everything in their power to conduce to a pleasant time. The warmth of their welcome was its chiefest charm. The hearty manner in which they entered into the business showed that their feelings were enlisted in it, and the people of Raleigh, heads of schools, the municipality, the officers of the State institutions, and the Executive officers of the State, all combined in the work; and it may be safely asserted that every editor came away with the liveliest feelings of gratitude and affection for Raleigh's people.

The Piedmont *Press*, a Democratic paper, says:

By a stupid blunder, the Democrats have lost the 3rd Congressional and probably the 4th Judicial District.—Waddell, the back-pay grabber and calumniator of the North Carolina Legislature, has received the Congressional nomination. Norment, a Merrimon bolter and disorganizer, has been nominated for the Solicitorship.

Seldom has a verdict of acquittal been more conclusive than that rendered by the Court of Inquiry in the case of Gen. O. O. Howard. They find that he "has conducted the affairs of the Freedman's Bureau with ability and fidelity; that he is not properly chargeable with any of the offenses imputed to him, not having offended legally, morally, or technically against the positive law or army regulations; that he is worthy of the sympathy and confidence of his associates in the army." It is a matter for public congratulation that the court was able to reach this conclusion, for if it could have been shown that Gen. Howard had been false to his duty, it would have been hard to conjecture who was fitted for a public trust. Now that he has been fully acquitted, those people who have been sneering at him for many months as the "Christian soldier," and reiterating the calumnies which malice concocted, should hasten to repair the injustice they have done.—*N. Y. Times.*

We understand that Senator Carpenter is preparing a speech, which he will deliver in a few days, in support of his resolution, offered some time ago, favoring the recognition of belligerent rights by this country in favor of the Cuban patriots. Whatever difierence of opinion there may be upon this subject, all can rest assured that the Senator will make an able and eloquent appeal in support of his resolution.—*Washington Chronicle.*

Seeking New Homes.

There are lively times in Castle Garden, for May is the month which one-fifth of those who seek homes in the Western continent choose for taking the journey. The steamship companies have to increase their accommodations, and the officials at the Garden have their hands full to take care of the travellers. Hundreds lounge around the buildings and galleries waiting for friends, or money, or for their baggage, before they push on to fresh scenes in the West. Every arriving ship brings a new load. The officials fly around like candidates on election day. Errand boys shoot out of the doors like champagne corks, and the throng of foreigners in a strange land jabber with each other, or gaze bewildered at the busy scene. Everything shows life, but there is little confusion.

Every immigrant that arrives in New York harbor has to pass through Castle Garden. At Quarantine the steamship is thoroughly inspected for infectious diseases, and when she drops anchor off the battery the steerage passengers are loaded on tugs or barges and landed at the Garden wharf. From this wharf they are driven like so many sheep through a narrow enclosure, where a physician inspects each as he passes.—The sick are sorted out and sent to the temporary hospital. If they are bad cases they are hurried away to the regular hospital. Care is also taken of the old and infirm, for, strange as it may seem to the unintiated, immigrants 80 and often 90 years old are among the passengers by every steamship. Thence the new comers are marched past a squad of questioners and interpreters, who note their nativity, age, place from which they emigrated, destination, occupation, financial condition, and a host of other questions which help to fill the tables in the Commissioners' annual reports. Then they are turned loose in the rotunda, there to wait, until their baggage has been hoisted out of the steamship's hold and landed at the Garden. Without going outside they can here purchase tickets to any part of the Union and have their baggage checked, exchange their foreign money for greenbacks, telegraph to their friends that they have arrived, purchase food or cook their own, write letters or go to prayer meetings. They are permitted to remain in the Garden forty-eight hours. At the end of that time they must make special explanation to the Superintendent or go their way. They are permitted to depart as soon as they have been entered on the books.

The scene in the rotunda when several hundred are waiting is peculiar.—There are so many thoughtful men, so many hopeful women, old persons, and little babies. All have sought America as the seventh heaven of everything mundane, and when America is reached the reaction is almost painful. Families stand aside in groups, every member clinging to some article of household value. The men smoke their pipes. The children cry, and the women try to hush them. Suddenly some friend who started several years before them elbows his way into the group, and then what a change! Boisterous talk and laughter follow. One of the most curious of the scenes is to see the men examine the fractional currency which is given them for their hard European coin. They evidently don't like its looks.

Last week the ocean steamers brought over 7,723 immigrants. So far this month more than 15,000 have arrived. The number in April was 18,162. These figures are much less than for the corresponding months last year, and the total decrease from Jan. 1 is about 30,000. Nor are this year's prospects increasing. The steamship companies' agents say that not for several years have they at this season sold so few prepaid passage tickets. The officials at Castle Garden attribute this decrease wholly to the effects of the panic and the unsettled condition of business.—One-half of the immigrants who landed here last year have been sent for by their friends who had already tasted the sweets of American life. Since the crash last fall, however, times have been have been hard for laborers, and many who intended to send for their kinsmen this spring have quietly advised them to wait another year. Then, too, exaggerated rumors have spread among the laboring classes of the Old World as to our financial condition.—We have been represented as on the verge of dissolution. Agents in the interests of the home. Governments have persuaded the people that there are no longer any chances in America, and have put their shoulders to the wheel to stop the stampede to the United States. As an offset, however, the rates. Emigrants can purchase a steerage passage from Liverpool to New York for $15.

The *personnel* of the immigrant of to-day is far superior to that of him who landed ten years ago. Then it was the adventurer, with his worldly goods in a bundle on his back, and but a shilling or two in his pocket, who sought his fortune. Now, in the majority of cases, the new comers arrive by families—husband strong and well developed, wife healthy and brown with European out-door labor, and half a dozen tough children. Instead of a bundle they bring several well-filled chests, and in his pockets is enough cash to give them a fair start. Before the adventurer wandered in the streets looking for his chance; to-day the immigrant has a destination, knows where his friends are, and what he is to do.

Germans, Swedes, Norwegians, and Irish form five-sixths of those who are immigrating this year. The number of Swedes and Norwegians are increasing every year, and they haved proved a valuable acquisition. They push for the West and Northwest. In fact, nine-tenths of last year's immigrants started West within twenty-four hours after arriving. The others scattered in Eastern cities. Those who have landed this week represent almorst every nationality, from the rugged inhabitants of Northern Europe to the easy—going son of the balmy Mediterranean coast. —*N. Y. Sun.*

A Model Politician.

A case transpired in the Second District Court yesterday, before Judge Quinn, which illustrates the manner in which politicians endeavor to obtain political preferment, and indicates pretty clearly the hollowness of their pretensions and the worthlessness of their professions. At the election in Long Island City last Fall, Daniel R. Lyddy, a politician of variable principles, was a candidate on the Democratic ticket for the office of Surrogate. As the counsel of the Aldermen of Long Island City, in their proceedings against the Mayor with the view to his impeachment, he obtained some popularity, and his election to the office was not improbable, when it was discovered that he was not a citizen, and he was defeated. During his candidature in visiting political balls and political gatherings he incurred a debt of $41 for carriage hire to James Finan, and failing to pay it a suit for its recovery was tried yesterday. There was no defense interposed, but a singular incident occurred during the proceeding The defendant was not in attendance, but his managing clerk excitedly called the attention of the Judge to the presence of a *Times* reporter, and asked that he be restrained from taking notice of the case. Judge Quinn humorously observed that the court was not a Star Chamber, that its investigations were open to the public, and that the presence of the reporters was always acceptable to him. Judgment for the full amount, with interest, was given.—*Times.*

Miss Grant's Marriage.

[From the Courier-Journal.]

Nellie Grant will have a hard time, for not only must she dress for her bridal, but afterward change to a travelling dress, and leave for New York to sail two days afterward, when she must encounter the miseries of sea-sickness, the dangers of the deep, and a wide separation from her parents and dear ones to go with a stranger and to a home that she has never even visited. While the President and Mrs. Grant have no objection to Mr. Startoris, they say that they would have preferred that Nellie should have wedded a young army or navy officer, and remained in her own country. It will be a hard trial for them to give up their daughter.

A Verbal Agreement Insufficient.

An opinion was rendered by Judge Drummond, in Chicago, on Tuesday, in the case of C. J. Hambleton against the Home Insurance Company of New York, which is of some importance to underwriters and many others. This was a chancery proceeding, in which a bill was filed to enforce an alleged verbal contract for the renewal of a policy of insurance which expired Oct. 2, 1871, only seven days prior to the great fire. The policy provided that no renewal should take effect until the premium was paid. The complainant alleged that the contract for renewal had been made verbally, between himself and an agent of the company. The court, however, held that the company could not be held by such loose conversation, and the bill was therefore dismissed.

The Vallejo (Cal.) *Independent* describes the following singular search for a gold mine: A short time ago, Smith & Barr sold a chicken to a customer.—A day or two ago the customer returned and was anxious to learn from whom Smith & Barr had purchased that chicken. At first he declined to tell why he wished to know, but finally told that he had found pieces of coarse gold in the chicken's crop, and was satisfied that there must be plenty of it where the chicken came from. The chicken was traced to a man and his wife who brought down a lot from Lake county, and the gold hunter off in quest of the chicken raisers. He is going to scour the country until he finds them, and then he expects to see gold lying around on the ground loose and in great abundance.

The following extract from a Boston paper would seem to indicate that the ideal hackman has at last reached that city: "A gentleman taking a conveyance from the Revere House last evening, on arriving at his destination, tendered a bill to the driver. "Have you no change?' said the Jehu, "for I haven't a cent of change with me."—All the gentleman could muster was about one-half of the fare he intended to give. "Well, it's my fault, sir, for not having change, and it's all right with what you have," and the driver pocketed half his fare, with pleasant words, refusing to call at the gentleman's offiee at another time for the remainder of his due." The reader who is up in his Latin can only exclaim, *O si sic omnes!*

MARSHAL'S OFFICE,

WILMINGTON, N, C., April 22, 1874.

NOTICE.

I WOULD MOST RESPECTFULLY CALL the attention of the citizens to the fact that the warm and sickly season is near at hand, and it becomes my duty to adopt the most stringent sanitary measures at this particular time to preserve the health of the city and prevent the introduction of disease that may originate from foul and unwholesome matter, filth, garbage, trash and refuse matter which has a tendency to create unwholesome and offensive odors. In order to prevent as far as possible the spread of those diseases peculiarly incident to this season of the year I would most respectfully solicit the co-operation of the citizens generally in placing our city in such a sanitary condition as to render it as far as practicable impregnable, at least to those diseases which originate from foul and unwholesome matter, To this end the entire force of the city will be employed in cleansing, draining, cleaning, disinfecting and removing trash, &c., for at least the next fifteen or twenty days. All persons are requested to have the trash, offal, refuse matter, &c., cleaned from their premises and placed upon the streets, whence they will be removed immediately. When it is convenient please use boxes or barrels.

Persons needing disinfectants can have the same free of charge by calling at my office.

The health officers, designated by a yellow rosette, may be notified of any stagnant water standing upon any lot, or damp cellar or anything that would impair the health of the city, and any complaint lodged at this office shall receive prompt attention.

Believing that a proper sanitary condition adopted now, at this early season, will insure a healthy summer I earnestly solicit the aid and co-operation of all the good citizens to accomplish this good end.

Respectfully, &c., GEO W. PRICE, JR.,
april 23—tf City Marshal.

Prospectus for 1874—Seventh year

THE ALDINE

An Illustrated Monthly journal, universally admitted to be Handsomest Periodical in the World. A Representative and Champion of American Taste.

Not for Sale in Book or Music Stores

THE ALDINE while issued with all the regularity, has none of the temporary or timely interest characteristic of ordinary periodicals. It is an elegant miscellany of pure, light and graceful literature; and a collection of pictures, the rarest specimens of artistic skill, in black and white. Although each succeeding number affords a fresh pleasure to its friends, the real value and beauty of THE ALDINE will be most appreciated after it has been bound up at the close of the year. While other publications may claim superior cheapness, as compared with rivals of a similar class, THE ALDINE is a unique and original conception—alone and unapproached—absolutely without competition in price or character. The possessor of a complete volume cannot duplicate the quantity of fine paper and engravings in any other shape or number of volumes for ten times its cost; and then, there are the chromos, besides!

ART DEPARTMENT, 1874.

The illustrations of THE ALDINE have won a world-wide reputation, and in the art centres of Europe it is an admitted fact that its wood cuts are examples of the highest perfection ever attained. The common prejudice in favor of "steel plates," is rapidly yielding to a more educated and discriminating taste which recognizes the advantages of superior artistic quality with greater facility of production. The woodcuts of THE ALDIFE possess all the delicacy and elaborate finish of the most costly steel plate, while they afford a better rendering of the artist's original.

To fully realize the wonderful work which THE ALDINE is doing for the cause of art culture in America, it is only necessary to consider the cost to the people of any other decent representations of the productions of great painters.

In addition to designs by the members of the National Academy, and other noted American artists, THE ALDINE will reproduce examples of the best foreign masters, selected with a view to the highest artistic success and greatest general interest. Thus the subscribers to THE ALIENE will at a trifling cost, enjoy in his own home the pleasure and refining influences of true art.

The quarterly tinted plates for 1874 will be by Thos. Moran and J. D. Woodward.

The Christmas issue for 1874 will contain special designs appropriate to the season, by our best artists, and will surpass in attraction any of its predecessors.

PREMIUM FOR 1874.

Every subscriber to THE ALDINE for the year 1874 will receive a pair of chromos. The original pictures were painted in oil for the publishers of THE ALDINE, by Thomas Moran, whose great Colorado picture was purchased by Congress for ten thousand dollars. The subjects were chosen to represent "The East" and "The West." One is a view in the White Mountins New Hampshire the other gives the Cliffs, of Green River, Wyoming Territory. The difference in the nature of the scenes themselves in a pleasing contrast, and affords a good display of the artist's scope and coloring. The chromos are each worked from thirty distinct plates, and are in size (12 x 18) and appearance exact fac-similes of the originals. The presentation of a worthy example of America's greatest landscape painter to the subscribers of THE ALDINE was a bold but peculiarly happy idea, and its successful realization is attested by the following testimonial, over the signature of Mr Moran himself.

NEWARK, N.J., Sept 20th,

MESSRS. JAMES SUTTON & CO.

Gentlemen,—I am delighted with proofs the color of your chromos. They wonderfully successful representation by mechanical process of the original paintings.

Very respectfully,

(Signed,) THOS. MORAN.

These chromos are in every sense American. They are by an original American process. with material of American manufacture. from designs of American scenery by an American painter, and presented to subscribers to the first successful American Art Journal. If no better because of all this they will certainly possess an interest no foreign production can inspire, and neither are they any the worse if by reason of peculiar facilites of production they cost the publishers only a trifle, while equal in every respect to other chromos that are sold singly for double the subscription price of THE ALDINE. Persons of taste will prize these pictures for themselves—not for the price they did or did not cost, and will appreciate the enterprise that renders their distribution possible.

If any subscribers should indicate a preference for a figure subject, the publishers will send "Thoughts of Home," a new and beautiful chromo, 14 x 20 inches, representing a little Italian exile whose speaking eyes betray the longings of his heart.

TERMS.

$5 per annum, in advance, with Oil Chromos free.

For 50 Cents Extra, the chromos will be sent, mounted, varnished, and prepaid by mail.

THE ALDINE will, hereafter, be obtainable only by subscription. There will be no reduced or club rate; cash for subscriptions must be sent to the publishers direct, or handed to the local canvasser, without responsibility to the publishers, except in cases where the certificated is given, bearing the facsimile signature of JAMES SUTTON & CO.

THE SUN.

—:o:—

WEEKLY, SEMI-WEEKLY, AND DAILY.

THE WEEKLY SUN is too widely known to require any extended recommendation, but the reasons which have already given it fifty thousand subscribers, and which will, we hope, give it many thousands more are briefly as follows,

It is a first rate newspaper. All the news of the day will be found in it, condensed when unimportant, at full length when o moment, and always presented in a clear intelligible, and interesting manner.

It is a first rate family paper, full of entertaining and instructive reading of every kind, but containing nothing that can offend the most delicate and scrupulous taste.

It is a first rate story paper. The best tales and romances of current literature are carefully selected and legibly printed in its pages.

It is a first rate agricultural paper. The most fresh and instructive articles on agricultural topics regularly appear in this department.

It is an independent political paper, belonging to no party and wearing no color.—It fights for principle, and for the election of the best men to office. It especially devotes its energies to the exposure of the great corruptions that now weaken and disgrace our country and threaten to undermine republican institutions altogether. It has no fear of knaves, and asks no favors from their supporters.

It reports the fashions for the ladies and the markets for the men, especially the cattle markets, to which it pays particular attention.

Finally, it is the cheapest paper pulished. One dollar a year will secure it for any subscriber. It is not necessary to get up a club in order to have THE WEEKLY SUN at this rate. Any one who sends a single dollar will get the paper for a year.

We have no traveling agents.

THE WEEKLY SUN.—Eight pages, fifty six columns. Only $1 00 a year. No discounts from this rule.

THE SEMI-WEEKLY SUN.—Same size as the Daily Sun. $2 00 a year. A discount of 20 per cent, to clubs of 10 or over.

THE DAILY SUN.—A large four page newspaper of twenty eight columns. Daily circulation over 120,000. All the news for 2 cents. Subscription price 50 cents a month, or $6 00 a year. To clubs of 10 or over, a discount of 20 per cent. Address,

A weekly magazine of sixty-four pages, THE LIVING AGE gives more than THREE AND A QUARTER THOUSAND double-column octavo pages of reading-matter yearly, forming four large volumes. It presents in an inexpensive form, considering its great amount of matter, with freshness, owing to its weekly issue, and with a satisfactory completeness attempted by no other publication, the best Essays, Reviews, Criticisms, Tales, Poetry, Scientific, Biographical, Historical, and Political Information, from the entire body of Foreign Periodical Literature.

During the coming year, as heretofore, the choicest serial and short stories by the Leading Foreign Authors will be given, together will an amount unapproached by any other periodical in the world, of the best literary and scientific matter of the day, from the pens of the above-named and other foremost Essayists Scientists, Critics, Discoverers, and Editors, representing every department of knowledge and progress.

The importance of THE LIVING AGE to every American reader, as the only complete as well as fresh compilcation of a generally inaccessible but indispensable current literature,—indispensable because it embraces the productions of THE ABLEST LIVING WRITERS in all branches of Literature, Science, Art, and Politics,—is sufficiently indicated by the following

OPINIONS.

"Reproduces the best thoughts of the best minds of the civilized world, upon all topics of living interest."—Philadelphia Inquirer.

"In no other single publication can there be found so much of sterling alterary excellence,"—The Nation, New York.

"And the cheapest. A monthly that comes every week."—THE ADVANCE, CHICAGO.

"In view of all the competitors in the field, I should certainly chose "The Living Age"—Rev. Henry Ward Beecher.

"The best periodical in America."—Rev. Dr. Cuyier.
